

Steigerwaldt Land Services, Inc., is a full-service forestry, GIS, real estate, surveying, and appraisal company with offices in Tomahawk and Hayward, Wisconsin; and Negaunee, Michigan. Steigerwaldt has been a family owned and operated business since 1957.

We are currently seeking one **full-time, Professional Land Surveyor** at our Tomahawk or Hayward, WI office. This person is a Wisconsin licensed surveyor or has the ability to become licensed in Wisconsin within 6 months and is proficient in all aspects of surveying projects including client contact, project research, field work, data reduction and analysis, and drafting of mapping products and legal descriptions.

Becoming a member of Steigerwaldt is more than just an opportunity to follow your passion in surveying. It is an opportunity to be a part of an organization that fosters professional growth, nurtures your talent, and allows you to take ownership of your career path. A strong sense of brand, culture, and values define our company and our team. Our office culture is one that values synergy in the office and in the field.

Steigerwaldt creates a transparent and inclusive environment that involves you in company strategic planning, career development, and a vested interest in company success.

The intrinsic benefit of Steigerwaldt's work environment is complimented with a full benefit package* including:

- Profit sharing
- Health insurance
- Vacation
- Paid holidays
- 401k

** Following the successful completion of the evaluation period. Salaries commensurate with experience.*

If this sounds like the supportive, passion-driven, professional environment you will thrive in, please apply to join our team.

The ideal candidate would meet the following criteria and competencies to complete and excel in the day-to-day tasks of a Professional Land Surveyor and as a member of the Steigerwaldt team:

- Desires to develop and excel in a career as a professional land surveyor in a fast-paced and diverse consulting business.
- Knowledgeable and skilled in functional/technical expertise areas of the Public Land Survey System (PLSS), boundary surveying, construction staking, and topographic surveys.
- Proficient with Robotic Total Stations, GNSS RTK receivers, CAD drafting programs, and Microsoft Office
- Willingness to complete field work in all weather conditions and commit time to office work.
- Ability to travel and conduct overnight work away from the office – travel can be up to 10 to 20 percent. *Traveling has opened our team up to exciting locations and experiences.*
- Embraces change and can modify behavior and plans to effectively achieve goals. Adaptability, flexibility, and change agility is necessary.
- Has the drive, energy, and initiative to work independently in varied settings, both in the field and with clients and other professionals
- Engages in active listening to understand and act on the expectations of peers, supervisors, and clients
- Prioritizes communication by taking responsibility for continuously seeking and sharing information to best anticipate and meet customer and director needs.
- A team player who is an ambassador of integrity, respect, curiosity, and flexibility.

- An effective problem solver that can identify the root of a problem, provide productive solutions, act decisively, and show good judgement.
- Maintains composure and patience in stressful circumstances.
- An individual who uses Steigerwaldt's mission of 'Quality work fast, with honesty and integrity' as a benchmark for decision making and standard of work.
- Current valid driver's license

Posting Date: September 11, 2020. Position will be filled within one to three months. Interviews will be scheduled throughout this time period. Expected start date is in October 2020, dependent upon candidate availability. Please note that this position may be filled sooner, as there is flexibility in the start date. Your resume with cover letter is to be transmitted by mail or email to the contact below.
